

The HERO Program understands that there may be commercially available products for energy/water conservation or renewable energy, which are not on the Program Eligible Product List, and encourage interested applicants to submit any viable products for evaluation. When considering product eligibility, applicants must complete the application below and submit any attachments by one of the following methods: (1) by email to heroproducts@heroprogram.com, or (2) by mail to The HERO Program, 15073 Avenue of Science, Suite 200, San Diego, CA 92128. The applicant will be required, in most cases, to submit engineering plans and specifications as a part of the request for evaluation. The Program may require an additional administrative fee for product evaluation under technical review. The Program will provide the applicant written notification of the application's status within 5 business days. The installation of any product before or without approval will not be honored by the Program. See Program Handbook for additional information.

<input type="checkbox"/> Energy Efficiency	<input type="checkbox"/> Renewable Energy	<input type="checkbox"/> Water Efficiency

Proposed Product
DESCRIPTION
<input type="checkbox"/> See Attachment

DESCRIPTION OF TYPICAL SCOPE OF WORK AND COSTS TO INSTALL (ADD ATTACHMENTS AS NEEDED)
<input type="checkbox"/> See Attachment

ESTIMATED ENERGY/WATER SAVINGS OR RENEWABLE ENERGY DESCRIPTION	
ESTIMATED UNITS:	<input type="checkbox"/> Saved <input type="checkbox"/> Produced
<input type="checkbox"/> _____ kW, kWh	<input type="checkbox"/> _____ gallons/_____
<input type="checkbox"/> _____ Therms	<input type="checkbox"/> Other: _____
<input type="checkbox"/> See Attachment	

Efficiency Rating of the Product (if applicable)	
<input type="checkbox"/> EER and/or SEER of _____	<input type="checkbox"/> SHGC of _____
<input type="checkbox"/> Reflectance of _____	<input type="checkbox"/> U-Value of _____
<input type="checkbox"/> AFUE or HSPF of _____	<input type="checkbox"/> NFRC glazing attachment rating _____
<input type="checkbox"/> Solar energy factor of _____	<input type="checkbox"/> Energy Factor of _____
<input type="checkbox"/> Thermal Emittance of _____	<input type="checkbox"/> R-Value of _____
<input type="checkbox"/> Gallons per _____	<input type="checkbox"/> Other (Please specify): _____
Other: _____	

Meets Criteria of (Certifying) Agency / Organization

- Energy Star
- Title 24, Current California Building Energy Efficiency Standards
- ASHRAE
- Solar Rating Certification Council (SRCC)
- Water Sense
- AHRI
- Cool Roof Rating Council (CRRC)

Other: _____
